

# PATIENT BILL OF RIGHTS

The Patient Bill of Rights below outlines your rights as a patient at any medical clinic.

## You Have The Right To:

- Receive services in a non-judgmental, caring environment that's committed to keeping patient records confidential (except where required by law).
- Receive professional medical care from organizations that are committed to honesty and integrity, and won't manipulate or pressure you.
- Receive services in a safe environment that supports your right to make your own decisions about your pregnancy.
- Receive a non-biased presentation of all your options related to your pregnancy, and be respected in the decision you make.
- Receive full information about the health of your current pregnancy, and about your pregnancy's stage and development.
- Access unbiased information about all your legal options related to pregnancy and ending a pregnancy.
- Receive care from an organization that records in writing all services and information provided. This ensures that every patient is given the same information with the same excellence.
- Receive care from an organization that confirms in writing for every patient that services provided follow written standards.
- Fully understand how an organization may profit from any decision you make about your pregnancy.
- Have confidence that your medical care provider will direct the follow-up care needed to measure the effectiveness of treatment and protect your reproductive health.
- Receive information on community resources available to you for ongoing support related to abortion, adoption, and parenting.

## Your Responsibilities:

- You are responsible for providing accurate health-history information to your provider.
- You are responsible to participate in deciding your personal treatment plan.
- You are responsible to follow the treatment plan you agree to with your [provider](#).
- You are responsible to understand [your rights](#).
- You are responsible to communicate suggestions, complaints or offenses in an exit survey at the end of [each appointment](#).
